

## CARVILLE MUSEUM

La Presidente Nationale Sandy Wood has named the Carville Museum as her Presidente's Project for 2011-2012. The museum is located in Louisiana and provides information about Hansen's disease (leprosy) in both the United States and throughout the world. The museum is a collection of the history, research, and breakthroughs in treatment for people afflicted with Hansen's Disease.

Madam President has set a goal to raise \$5000.00 for the Carville Museum before September 2012. President Wood has already raised \$625.00 by taking "pies in the face" at the recent Hooch Wreck. She will continue to step up anytime someone wants to donate money to see her in the *stocks* getting hit with a pie. Sandy challenges each Cabane Locale to raise at least \$25.00. She also challenges each Grande Cabane to raise at least \$50.00. With everyone's help, her goal will be achieved and won't we feel great pride in ourselves, our Cabanes, and La Societe de Femme when our Nationale Presidente presents a HUGE check to the 40&8 at the Promenade Nationale in Ft. Mitchell, Kentucky, September 2012.

Donations should be marked "Carville Museum" and sent to:

Cabane Nationale  
777 North Meridian Street #301  
Indianapolis, IN 46204
